Objective   .

Self-taught Frontend Developer with hands-on experience building responsive and interactive web applications using HTML, CSS, JavaScript, and React.js. Looking to contribute to a dynamic team and grow in a professional development environment.

Skills   .

- ➤ Languages: HTML5, CSS3, JavaScript (ES6+)
- ➤ Frameworks/Libraries: React.js, Tailwind CSS
- ➤ Tools & Platforms: Git, GitHub, VS Code, npm
- ➤ Core Concepts: Responsive Design, Flexbox & Grid, JS, API Integration

Projects   .

Weather App\ *React.js and Tailwind*\ Developed a weather forecast application that fetches real-time weather data using a public API. Features include city-based search and dynamic UI updates.

To-Do List Application\ *React.js and Tailwind*\ Created a functional to-do app with task add/delete/complete features. Utilized `localStorage` for data persistence and clean UI handling.

E-commerce Clothing Website\ *React.js, Tailwind CSS*\ Built a modern e-commerce frontend with product listing, filtering, and cart functionality. Emphasized responsive design and reusable component structure.
working on this project..

Education

- Higher Secondary Certificate (HSC), Commerce - GPM college, Andheri | 2020
- Bachelor of Commerce (Pursued till Final Year) - Mumbai University

Additional Information

- Currently learning and working with Next.js and TypeScript
